Principal

Jerry Perrone
Vice Principal

January 16, 2014

To Whom It May Concern:

It is with great pleasure that I write this recommendation on behalf of Warren Black. I came to know Warren as a P.S. 3 parent and principal at New Milford High School where my son and current students have all experienced VR Quest. He is an outstanding visionary whose dedication and work ethic are evident in all of his interactions with students and staff. He does not find the time, but instead makes the time to work with students in order to unleash their creative talents through 3D game design.

Mr. Black is a man of high integrity and honor who quickly becomes respected by all segments of the communities that he works in. Our students have embraced him as an innovative leader in game design because of his expertise and enthusiasm that embody his work. He always takes the time to make sure that the needs of my students are addressed. Mr. Black communicates effectively, not only with students, but also with parents, colleagues, and administration. His rapport with students is extraordinary. Possessing a focus and direction uncommon for a professional these days, Mr. Black is inspiring students to apply learning through authentic tasks, problem solving, and critical thought. I can honestly say that his work and commitment to making learning relevant and meaningful is having a profound impact on every student that uses VR Quest.

Mr. Black possesses all of the attributes of an entrepreneur. Hardworking, intelligent, cooperative, affable, and possessing a great sense of humor; people are naturally attracted to Mr. Black. Those fortunate to work with him will appreciate his honesty, directness, and cooperative nature. Given the opportunity, I have no doubt Mr. Black will touch the lives of students by instilling a passion for learning while developing and enhancing skill sets that all students need to succeed in today's dynamic society. If you have any questions, please do not hesitate to call me.

Sincerely,

Eric Sheninger
